## **YOUTH CONCEPT GALLERY**

The “Youth Concept Gallery” is dedicated to inspiring youth throughout South Florida in low income areas with high concentration in Title 1 Schools. The Youth Concept Gallery has a vision of bringing literature and creative arts to the local communities in Miami , Broward , West Palm Beach aimed to impact, and strengthen our youth with a variety of skills in areas such as group dynamics , graphic design, leadership , film / photography, youth empowerment , painting , time management , journalism , poetry , mentoring , reading , first aid & CPR and yoga, giving our youth in the local neighborhoods an outlet to expand their own self consciousness far beyond the circumstances they face throughout their daily environments.

The essence of the project is to raise community awareness through implementing impactful murals and creative arts programs/curriculum in designed project locations throughout South Florida. The Youth Concept Gallery is open to accepting donations and

sponsorships and will be sure to incorporate participating company/brand logos on painted murals and be acknowledged in any press, media or coverage outlets. The creative process will be recorded / documented and submitted to the all South Florida Film Festivals as well as local community showings

Creative Director: Mr. E (Community Activist)
